P2 Gold Announces Financing

Vancouver, British Columbia, May 2, 2022; P2 Gold Inc. (“P2” or the “Company”) (TSX-V:PGLD) reports that it intends to complete a non-brokered private placement of up to 3.2 million units (the “Units”) at a price of \$0.63 per unit for gross proceeds of up to approximately \$2 million (the “Offering”).

Each Unit will consist of one common share in the capital of the Company (a “Share”) and one common share purchase warrant (a “Warrant”). Each Warrant will entitle the holder to purchase one additional common share in the capital of the Company at an exercise price of \$0.95 per common share for a period of two years from the date of issue (the “Expiry Time”), provided that, if after four months from the date of issue, the closing price of the common shares of the Company on the TSX Venture Exchange (the “Exchange”) is equal to or greater than \$1.90 for a period of 10 consecutive trading days at any time prior to the Expiry Time, the Company will have the right to accelerate the Expiry Time of the Warrants by giving notice to the holders of the Warrants by news release or other form of notice permitted by the certificate representing the Warrants that the Warrants will expire at 4:30 p.m. (Vancouver time) on a date that is not less than 15 days from the date notice is given.

The Offering will close on completion of documentation and is conditional upon receipt of all necessary regulatory approvals, including the approval of the Exchange. The proceeds of the Offering will be used to fund exploration and engineering expenditures and for general corporate purposes.

The Offering will be offered to accredited investors in all Provinces of Canada pursuant to applicable securities laws. In connection with the Offering, the Company may pay finders’ fees as permitted by the policies of the Exchange. All securities issued pursuant to the Offering will be subject to a four-month hold period.

The securities to be offered in the Offering have not been, and will not be, registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”) or any U.S. state securities laws, and may not be offered or sold in the United States or to, or for the account or benefit of, United States persons absent registration or any applicable exemption from the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. This news release shall not constitute an offer to sell or the solicitation of an offer to buy securities in the United States, nor shall there be any sale of these securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

The Company anticipates that insiders will subscribe for Units. The issuance of Units to insiders is considered a related party transaction subject to Multilateral Instrument 61-101 - Protection of Minority Security Holders in Special Transactions. The Company intends to rely on exemptions from the formal valuation and minority shareholder approval requirements provided under sections 5.5(a) and 5.7(a)

of Multilateral Instrument 61-101 on the basis that the participation in the Offering by the insiders will not exceed 25% of the fair market value of the company's market capitalization. A material change report in connection with the Offering will be filed less than 21 days before the closing of the Offering. This shorter period is reasonable and necessary in the circumstances as the Company wishes to complete the Offering in a timely manner.
